On Saturday evening, the girls had made an appointment with their supporters and the  supporters

latter responded. It was in front of a packed stand that the young blacks

won a fifth indisputable victory, with a score of 23 to 12 against Etoile Sportive d'Arques.

Hervé MARTIN gives us his impressions of this meeting:

"A serious match from the girls who relied on a very strong defense to build their success. Against this experienced team we based our game on speed on the counter and on the search for external solutions in set attack.

I think we could have made the score heavier in the first half if we had been more lucid in our shots against a very good Arquaise goalkeeper. However, as the defense held firm and our goalkeepers made multiple saves, the offensive lack was not too noticeable.

In the second half we widened the gap a little more, with some success in certain phases, it is true, and continued to put pressure on our opponent in order to reach a gap of +13 at the quarter of an hour of play. At the end of the match we played less collectively in attack which allowed Arques to come back into the score thanks to several counterattacks. But this victory will have been the most difficult to win of the five matches.

This weekend the girls will be resting, which will facilitate recovery after a physically intense match, with lots of contact.

Zelie Longuenesse 4, Aurore Devos 1, Clémence Hameau 1, Marine Rodrigues 5, Charlotte Deweale 1, Anne Sophie Rodrigues 3, Julie Loosen 2, Marie Guilbert 1, Shirley Ponseel 5, Fiona Leverd, Charlotte Decat and Celine Devos.
