

VIDO allows SEW to escape

News  January 19, 2015, 3:42 PM

ZWAAG/PURMEREND – The handball players of Vido in Purmerend allowed competitor SEW 3 to escape defeat in an exciting match. After a 10–14 lead halfway through, coach Rolf Schulte's team slowed down in the final phase, where SEW could actually have broken down for good. The experienced players of the home team gratefully accepted the gift and achieved a draw in the heated final minutes: 25–25. Over the last two years, matches between SEW and Vido have always guaranteed beautiful, attractive handball with a lot of commitment and competition. That was no different this time. Afterwards, Schulte was extremely disappointed about the point given away: "It seems as if a number of players today were not 100 percent convinced that we could win. When things go wrong, they see it as confirmation and let it happen without biting off extra. Fortunately, things are getting better and the periods when we close are becoming shorter. The teamwork between Matteman (who played her third match for Vido) and the rest of the team members is also starting to become better attuned to each other. So I see a lot of positive developments in this."

Scores Vido: Jacky Ferwerda (6), Channa Matteman (5), Nada Blokker (5), Esther van den Helder (4), Aniek Janssen (3), Lesley Ann Aarsman and Priscilla den Rooster. For SEW, Britt van Elsacker (8) and Anneli Ooms (6) were the most productive.
