## UNEATLANTICO PEREDA SAVES A DRAW IN THE FINAL STRETCH

It was a hard week for Uneatlantico Pereda to start since it was going to play three games. He started receiving Santa Cruz de Tenerife Handball in the Outdoor Pavilion of La Albericia. After another bad match in Lanzarote, the yellow ones were willing to change the image as they already did in the last home game. They were not at all fine in attack but in attack and finally the game ended 20-20 after a beautiful match.

The match began with some inaccuracies but soon the goals arrived. The first two goals of Santa Cruz Tenerife Handball were quickly answered by two goals from Captain Andrea Pellón. Yes, it is true that the scorer was in favor of the visiting team but they did not manage to take off at more than one goal due to the good defense of the yellows.

The party was being even and a few so given the good performance of the defenses and also of the goals. Marian Mera was making great interventions and Sol Ceballos, who was returning to what was his home, too. Passing the equator, the trend changed since the yellow ones got ahead and even went 2 goals with a 3-0 partial in their favor.

The battle was being imperial in the defenses so much so that for 5 long minutes the scoreboard did not move, leaving the partial at 7-6. Then the match had some interruptions and exclusions that helped both teams but Uneatlantico Pereda was going to dominate 9-8 at halftime despite the end of the Tenerife team who kept them close on the scoreboard.

The second part maintained the same tone during the start with the slight advantage for the yellow ones. The score for the moment was equal or was 2 favorable to Uneatlantico Pereda but equality was still seen. The party seemed that it could be routed by Uneatlantico Pereda when it made the difference of 3 goals.

Instead, it was going to take a radical turn. He didn't ask for time off the visiting bench but his girls made a 5-0 partial to turn it around when the game had been better for the Santander girls. At that moment, with about 10 minutes to go, everything made you think that the 2 points would fly to Tenerife.

It wasn't the day in attack for the girls of Pereda but I was going to be able to match the match based on courage. They managed to save a 3-goal advantage with an exclusion of Santa Cruz de Tenerife Handball in the final stretch. They even had 16 final seconds to win the match but the launch of Mariana Raimondo stopped it by Sol, thus signing the tables with 20 goals.

With this result, both stay in the lower middle zone of the classification and can be satisfied due to the great work they had done. This was the first of the three meetings that Uneatlantico Pereda has this week. The next match will be on Wednesday, also at home, against C. BM. Morvedre at 8:30 p.m. and on Saturday the Cantabrians will travel to Barcelona to face Handbol Sant Quirze.
