**Wülfrath.** The ladies of the TB Wülfrath have the regional league game against Tschft. St. Tönis won with 29:21.

The staff ceiling of the Gymnastics Association had clearly relaxed after the return of Simone Fränken and Melina Otte, but Melanie Schindodowski was not yet in action in the goal due to her ligament injury. The start of the game was impressive - the defense hardly allowed any conclusions, what came through was the safe loot of Klara Stausberg. From the stable defense, the Wülfratherinnen were able to pull up their fast game forward and score one goal after another - so it was 6:0 after eight minutes and David von Essen took his first green card.

Tönis reacted to our cover formation and was successful in the attack. The main problem of the TBW were the many technical errors - "we simply did not get the balls to the next playing station," says coach Jörg Büngeler, "thus took conclusion options and opened Tönis the opportunity to counterattack. In addition, our presence in the defense decreased."

St. Tönis came closer and would have been in the 25th. Minute at the stand of 12:12 can take the lead for the first time by seven meters. But Wülfrather keeper Klara Stausberg was on the spot.

Until half-time, Jule Kürten and Lena Feldstedt were able to increase - practically with the half-time whistle - and expand the lead to two goals.

In the half-time speech, the last 20 minutes were discussed and the procedure for the second half was agreed. The reaction of the Wülfrath team was strong - similar to the beginning of the half-time, the defense was very good and exerted a lot of pressure on the attack of Tönis. In the 33rd. Minute, the Kalkstadt women were again four goals ahead (17:13). In the 40th Minute there were already six goals. Also, two breaks from David von Essen did not let ourselves be dissuaded from the path. In the 56th Minute we had scored the maximum lead of 9 goals (27:18). Thus, we have made a good start to the season with 4:0 points and are challenged next Saturday in Bonn.

### Game statistics

**Feature film:** 6:0 7:1 8:3 9:8 12:9 13:12 15:13 17:14 21:15 22:17 24:18 27:19 28:20 29:21
